

## ■ Trips and Excursions

During the excursions you will be introduced into the fascinating world of the Amazon jungle with competence and commitment: into the unique ecosystem of its flora and fauna, its history and the sociopolitical background. If you are interested you can get actively involved.

The guided **tours are in English**, further languages can be provided on request. The transfer to the farm leads you past the **Encontro das Águas (Meeting of the Waters)**. Depending on the duration of your stay, participation in the following activities is possible:

- **jungle hike**
- **canoe and boat tours**
- **piranha fishing**
- **observing dolphins or caymans and birds** at dawn
- a visit of the **flooded forest\***
- **demonstrations of Maniok processing\* or natural rubber extraction\***
- spending the **night in the virgin forest in a hunting camp**
- visiting a Caboclo family gaining insight to their way of life

On request we offer an individual program for you which can also include special areas of interest or a personal guide!

\*depending on the seasons

From the farm you have a great view of the river and the opposite forest.

## ■ The Amazon Specialists

The farm is the **starting point for trips and excursions** into the closer surroundings of the virgin forest.

The facilities are headed by Mr. Gerard A. Hardy who has been a **well known experienced specialist of the Amazon** for more than 30 years. He is supported by his wife Cleide and a **professional team**.

*»We again want to thank you for the wonderful advice. We were enchanted by the Juma Lake Inn and we will definitely travel back.«*

Anne F., Berlin

*»2 weeks after returning from Juma Lake Inn we still have the pictures of Juma Lake Inn fixed in our mind.«*

Gundel G., Bonn

## The Accomodation

Guest huts<sup>1-8</sup> are placed on pales on the mainland and can be reached by wooden passages. The rooms are conveniently arranged. People knowing Brazilian accomodation appreciate that each of the huts has beds with **high quality matrasses**. A **private shower and WC** are also included. As a protection against the night active moscos the windows are sealed with moscito meshing.

The community room, which is both a meeting place and **restaurant**, is situated on a house boat on the river.

From the house boat<sup>11</sup> guests like to take the opportunity for a bath in the pleasantly warm water of the *Mamori River*.

## Familiar and Authentic

You will not find luxury at *Juma Lake Inn* but you will not miss it either: Here you **get to know the authentic and original life of the Caboclos**. Enjoy the **cordial hospitality** and let yourself impress by the great commitment and knowledge of the guides.

If you are ready to enjoy the original Amazonian life, you will have an **unforgettable stay and an exciting experience**. You will adapt well to the surroundings and have many opportunities to get to know the everyday life of the families on the farm.

The stay is also **very suitable for guests** with children. Children are welcome here. In most cases they can easily get into contact with the local children of the farm.

Children should be able to swim, the river being easily accessible. **Don't forget your swimming suit** as swimming in the warm fresh waters is a very special experience.

People looking for **quiet** will find it on the terrace with a view of the river or in a hammock.
